

DIPG/Pediatric Cancer families, friends

Date

To Representative Name,

(Your Story, friend's story)

Please support H. Res. 114, the DIPG Awareness Resolution. Every child's life deserves hope, and a worthy fight from us. Inadequate and too few effective treatments or none at all for this well-documented disease is unacceptable in the wealthiest country in the world where we boast the best of everything. Our kids need to be a priority for cures. Please cosponsor this simple awareness resolution for our children to receive greater attention for research.

Thank you for honoring my request as a constituent.

Very truly yours,
